

WD Raptor® X SATA Hard Drives

Crystal-clear Lens
Killer Speed
5-year Limited Warranty

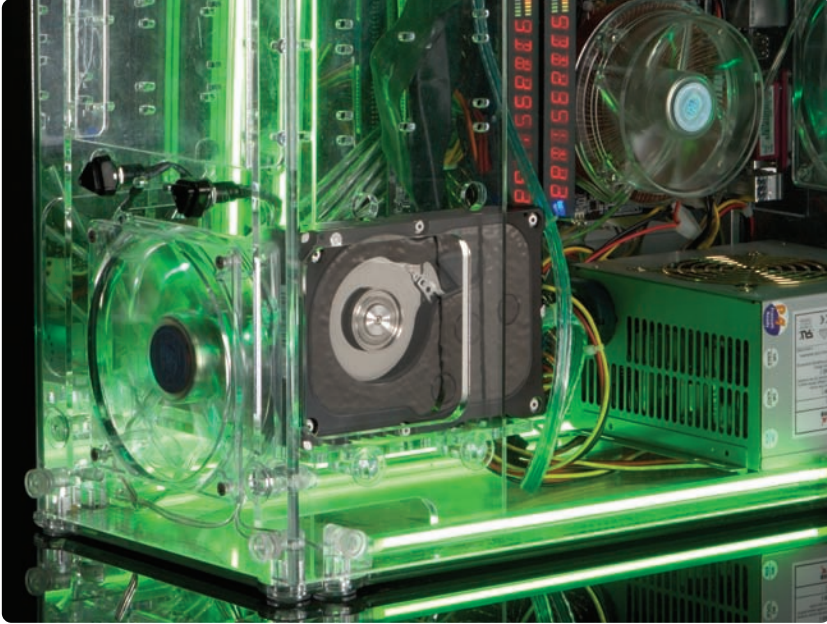

Provocative Technology Shamelessly Exposed.

- **The world's first clear-cover hard drive** – see the drive in action.
- **The world's fastest SATA drive** – 10,000 RPM, 4.6 ms average seek time. The drive of choice for performance enthusiasts and modders worldwide.
- **The world's most reliable SATA drive** – backed by a 5-year limited warranty.

From the secret performance labs at WD comes the revolutionary WD Raptor X 10,000 RPM SATA hard drive, the first ever drive with a view. Offspring of the immensely popular WD Raptor, the world's fastest and most reliable SATA drive, WD Raptor X focuses a large, crystal-clear lens on the drive to let you see into the inner workings and witness the drive in action. Extreme 10,000 RPM SATA performance, exceptional 150 GB capacity, and extraordinary reliability make it the ultimate drive for performance enthusiasts. Includes NCQ and RAFF™ and is backed by a 5-year limited warranty. With WD technology inside, it's got nothing to hide.

WD Raptor X

SATA Hard Drives

Key Specifications

Interface: SATA 1.5 Gb/s
 Form Factor: 3.5-inch
 Spin Speed: 10,000 RPM
 Cache: 16 MB
 Access Time: 4.6 ms

Capacity

150 GB

Model Number

WD1500AHFD

Crystalline polycarbonate lens – provides clarity, structural integrity, electrostatic discharge (ESD) protection, durability, and chemical neutrality necessary for the highest performance and reliability.

Native Command Queuing (NCQ) – increases data transfer in high-performance multi-processor, multi-threaded environments.

Rotary Acceleration Feed Forward (RAFF) – optimizes operation and performance when drives are used in vibration-prone multi-drive systems. *Patent pending.*

5-year Limited Warranty – nothing has been compromised in quality and reliability to manufacture these unique hard drives. WD is proud to back them with our enterprise-class 5-year limited warranty.
