

My Passport[®] for Mac[®] Premium Storage

Rapid transit for
your digital life.

- Ultra-fast USB 3.0 connectivity
- Compatible with Apple[®] Time Machine[®]
- Password protection and hardware encryption

My Passport for Mac is designed for Mac users who want high-speed, high-capacity storage in a compact drive. It's an ideal companion for your MacBook[®] and with up to 2 TB capacity it has plenty of room for all your files. Secure your files from unauthorized use with password protection and hardware encryption and take them wherever you go.

My Passport for Mac

Portable Storage

Product Features

Ultra-fast transfer rates

When connected to a USB 3.0 port, My Passport for Mac portable hard drives let you access and save files with blazing speed. Reduce transfer time by up to 3 times when compared to USB 2.0 transfer rates.

Performance may vary based on user's hardware and system configuration.

USB 3.0 and USB 2.0 compatibility

With this single drive you get compatibility with your USB 2.0 devices today and the ultra-fast speed of USB 3.0 when you're ready to step up to the next generation.

Sleek, compact design

This compact enclosure offers up to 2 TB of storage making it the ideal companion for the graphic professional, student or road warrior.

WD Security™

WD Security utility allows you to set password protection and hardware encryption for your drive to protect your files from unauthorized use or access.

WD Drive Utilities™

Register your drive, set drive timer, run diagnostics and more using WD Drive Utilities.

Formatted for Mac

HFS+ journaled so it works right out of the box with your Mac computer. Can be reformatted for Windows®.

Compatible with Apple Time Machine

Protect your important files and precious memories. Back them up with Apple Time Machine.

USB-powered

Conveniently powered through the USB 3.0 interface, you can quickly connect to your Mac computer and access your files. There's no need to carry around a power adapter.

Durable enclosure protects your drive

We know your data is important to you. So we build the drive inside to our demanding requirements for durability, shock tolerance and long-term reliability. Then we protect the drive with a durable enclosure designed to compliment your laptop.
