## HOME NETWORKING

**MY NET™ N900 CENTRAL**  
HD Dual-Band Storage Router

**All-in-one HD entertainment plus internal storage for backup.**  
My Net N900 Central with FasTrack™ Plus technology delivers smart, real-time prioritization of entertainment traffic while the automatic backup software wirelessly backs up all the PCs on your network to the built-in hard drive. It features speeds up to 450 + 450 Mbps, 4 Gigabit Ethernet ports and 1 USB port.

**MY NET N900**  
HD Dual-Band Router

**Smart HD streaming for accelerated video on multiple devices.**  
My Net N900 with FasTrack Plus delivers smart, real-time prioritization of movies, shows, games and video chat for the best possible entertainment experience. It features speeds up to 450 + 450 Mbps, 7 Gigabit Ethernet ports and 2 USB ports.

**MY NET N750**  
HD Dual-Band Router

**Seamless HD streaming to multiple devices.**  
My Net N750 delivers seamless HD streaming for movies, shows, games and chat. This high-performance router features exclusive FasTrack technology to prioritize entertainment streams. It delivers speeds up to 300 + 450 Mbps, simple setup, 4 Gigabit Ethernet ports and 2 USB ports.

**MY NET N600**  
HD Dual-Band Router

**Fast HD streaming with simple setup.**  
My Net N600 delivers smooth HD streaming for movies, shows, games and chat with FasTrack technology. This router is packed with features, including speeds up to 300 + 300 Mbps, simple setup, 4 Fast Ethernet ports, 1 USB port for wireless printer and scanner sharing.

**MY NET SWITCH**  
8-port Gigabit Ethernet Switch

**Instantly expand your wired network with Gigabit speeds.**  
This 8-port Gigabit Ethernet switch makes it easy to add smart TVs, Blu-ray Disc™ players, media players, game consoles and more to your network. Enjoy speeds up to 10x faster than Fast Ethernet. Color-coded high, mid and low priority ports let you prioritize your media traffic to optimize your HD experience.

## HOME NETWORKING (Continued)

### MY NET WI-FI™ RANGE EXTENDER

Dual-Band N Range Extender

#### Expand the coverage of your wireless network.

Expanding your Wi-Fi to out-of-reach areas of your home, including your backyard or garage, has never been easier. Setup is simple; just press two buttons and you're done. The 3x3 antenna array provides faster, stronger and more reliable network coverage in more places in your home. Customize your coverage by switching between the 2.4 or the 5 GHz bands with the flip of a switch. No software or PC required.

### WD LIVEWIRE™

Powerline AV Network Kit

#### Turn your electrical outlets into high-speed Internet connections.

WD Livewire powerline AV network kit extends the Internet to any room using your home's electrical outlets. Stream the highest quality HD video, play games and transfer files within the home or over the Internet using secure and reliable high-speed connections. Get the performance of a wired network without running wires.

## HOME ENTERTAINMENT

### WD TV® LIVE HUB™

1 TB Media Center

#### Store and play all your media.

The most entertaining media player and drive in one. Stream the latest movies, your favorite videos, hit shows and chart-topping music, plus your media collection from any source straight to your TV in Full-HD. And with a 1 TB built-in hard drive, you can store and play your entertainment all in one place.

### WD TV LIVE™

Media Players

#### Get maximum entertainment on your TV.

Wirelessly stream the latest movies, hit shows, online entertainment, live TV, plus your home videos and photos in Full-HD 1080p. With more options than any media player on the market, WD TV Live delivers maximum entertainment to your TV.

## PERSONAL CLOUD STORAGE

### MY BOOK® LIVE™ DUO

Personal Cloud Storage with RAID

#### All your content, double-safe, enjoyable anywhere.

With My Book Live Duo, you can keep your photos, videos, music and files at home and access them with your tablet, smartphone, PC or Mac®. And with dual drives, you have the option of creating an extra copy of all your data for double-safe backup.

### MY BOOK LIVE

Personal Cloud Storage

#### All your content in one place, enjoyable anywhere.

My Book Live keeps your media and files on your home network for access within and outside the home. Share files with Mac computers and PCs, stream media to your entertainment center and securely retrieve files with your computers or mobile devices.

## MOBILE APPS

WD 2GO™  
File Viewer App

WD PHOTOS™  
Photo Viewer App

### WD's Mobile Apps

WD's mobile apps provide easy access to the photos and files stored on your My Book Live, My Book Live Duo and My Net N900 Central from your tablet or smartphone. Use WD Photos to access all the photos stored on your drive and show them off with your mobile device. Or, use WD 2go to access your music, photos and files, including documents and presentations, stored on your personal cloud storage. With personal cloud storage plus WD's mobile apps, it's like having up to 6 TB of extra storage for your mobile device.\*

*\*The WD Photos app also works with the WD TV Live Hub so you can share photos and video clips between your media center and mobile device.*

Availability of online services varies by region. These streaming services may be changed, terminated, or interrupted at any time.

As used for storage capacity, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for buffer or cache, one megabyte (MB) = 1,048,576 bytes. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.

Compatibility with Windows and Mac operating systems may vary depending on user's hardware configuration and operating system. User's results will vary based on file size and format, settings, features, software and other factors.
