## Non-GAAP Financial Measures

Free Cash Flow: Free cash flow is a non-GAAP financial measure defined as cash flows from operations less capital expenditures. We consider free cash flow to be useful as an indicator of our overall liquidity, as the amount of free cash flow generated in any period is representative of cash that is available for strategic opportunities including, among others, investing in the Company's business, making strategic acquisitions, strengthening the balance sheet, repaying debt and repurchasing stock. We also believe that free cash flow is one of several benchmarks used by investors for comparison of our liquidity with other companies in our industry, although our measure of free cash flow may not be directly comparable to similar measures reported by other companies. Free cash flow should not be construed as an alternative to cash flows from operations or other cash flow measurements determined in accordance with GAAP.
EBITDA: EBITDA is a non-GAAP financial measure defined as net income before interest, income tax expense, depreciation and amortization. We include information concerning EBITDA because we believe it is a useful measure to evaluate our operating performance. As a measure of our operating performance, we believe EBITDA provides a measure of operating results unaffected by differences in capital structures, capital investment cycles and ages of related assets among otherwise comparable companies. While EBITDA is a relevant and widely used measure of operating performance, it does not represent net income as defined by GAAP and it should not be considered as an alternative to that measure in evaluating operating performance.
Non-GAAP Gross Margin and Non-GAAP Gross Profit: Non-GAAP gross margin is a non-GAAP measure defined as non-GAAP gross profit divided by revenue. Non-GAAP gross profit is a non-GAAP measure defined as gross profit before any charges to cost of goods sold that are unusual, non-recurring, or may not be indicative of ongoing operations. Because we believe some charges may not be indicative of ongoing operations, we believe that non-GAAP gross profit is a useful measure to investors as an alternative method for measuring our operating performance and comparing it against prior periods' performance.

## Non-GAAP Financial Measures

Non-GAAP Net Income and non-GAAP EPS: Non-GAAP net income and non-GAAP EPS are non-GAAP measures defined as net income and EPS, respectively, before any unusual or non-recurring charges or any tax impact related to those charges.

## Footnotes

1. Q1 FY11 ASP, Revenue by Channel and Revenue by Geography exclude external sales of media/substrates
2.Unit volume excludes WD TV Media Players without hard drives, WD Livewire, SSD and media
3.Worldwide Headcount excludes temporary employees
4.Consumer Electronics includes gaming
5.Q4 FY13 guidance is presented on a non-GAAP basis and excludes insurance proceeds related to the Thailand flooding and expenses related to the acquisition of HGST, including amortization of intangibles. Because the full extent of these expenses and proceeds are not known at this time, we are unable to provide information about, or a reconciliation to, the most directly comparable GAAP financial measures. The impact of these excluded items may cause the estimated non-GAAP financial measures to differ materially from the comparable GAAP financial measures.

## Formulas

Share = Units / TAM
ASP = Revenue / Units
Free Cash Flow = Cash Flow from Operations - Capital Expenditures
EBITDA = Net income + Interest + Income Tax Expense + Depreciation and Amortization
Days Sales Outstanding (DSO) = Accounts Receivable / (Revenue / 91 days)
Days Inventory Outstanding (DIO) = Inventory / (Cost of Revenue / 91 days)
Days Payables Outstanding (DPO) = Accounts Payable / (Cost of Revenue / 91 days)
Cash Conversion Cycle = DSO + DIO - DPO
Inventory Turns $=364$ days $/$ DIO
R4Q ROIC = R4Q (Net Income from Continuing Operations + Interest Expense) / R4Q Average (Equity + Debt)
R4Q ROA = R4Q Net Income from Continuing Operations / R4Q Average Total Assets
